General Services Administration Acquisition Regulation; Leasing Real Property

AGENCY: Office of Acquisition Policy, GSA.

ACTION: Final rule.

SUMMARY: The General Services Administration Acquisition Regulation (GSAR) is amended to implement several provisions of the Federal Acquisition Streamlining Act (FASA), Pub. L. 103-355, October 13, 1994, as it applies to the acquisition of leasehold interests in real property. Some of the provisions of FASA which are implemented in the Federal Acquisition Regulation (FAR) will also apply to leases of real property because the

GSAR incorporates provisions of the FAR that apply to leases of real property by reference. Other provisions of FASA are unique to leases of real property and are addressed in Part 570 of the GSAR. This rule also implements several recommendations made by a GSA process re-engineering team for improving the procedures for acquiring leasehold interests in real property.

EFFECTIVE DATE: August 16, 1995.

FOR FURTHER INFORMATION CONTACT: Tom Wisnowski, Office of GSA Acquisition Policy, (202) 501-1224.

SUPPLEMENTARY INFORMATION:

A. Public Comments

A notice of proposed rulemaking was published in the **Federal Register** on April 20, 1995 (60 FR 19708). Public comments were received from the Institute of Real Estate Management and the Department of Commerce, and comments were received from GSA real property contracting activities. All of the comments were considered in formulating the final rule. Changes made as a result of review of the comments include the following: (1) The current publicizing threshold of 10,000 square feet has been retained; (2) use of a specific electronic bulletin board system as a publicizing alternative has been changed to use of an on-line information system as an additional option; (3) the "Changes" clause has been revised to permit unilateral changes except for changes to the amount of space under lease; (4) additional changes were made in clause prescriptions where required by threshold changes as a result of FASA implementation in the FAR; and (5) revisions to procedures and regulatory language were made where comments indicated that additional clarification was needed.

B. Executive Order 12866

This final rule was not submitted to the Office of Management and Budget (OMB) for review because the rule is not a significant regulatory action as defined in Executive Order 12866, Regulatory Planning and Review.

C. Regulatory Flexibility Act

This rule is not expected to have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) because it will have a beneficial impact on all offerors, including small business concerns. The rule substantially simplifies the acquisition process for leases of real property entered into by the General Services Administration (GSA) making
